

CBI participates in the opening of Al-Fayhaa Center for Strategic Studies in Basra

Believing in supporting and developing the youth abilities to make their small businesses successful, the Central Bank of Iraq participated in the opening of the Al-Fayhaa Center for Strategic Studies, Information and Youth Employment in Basra.

This step is an affirmation of the importance of Basra province economically and urged the concerned authorities to contribute to the creation of job opportunities for the people of the province through the development of skills and training staffs working in the public and private sectors.
