

Course in banking credit Fundamentals in Erbil

The Central Bank of Iraq, Erbil branch concluded a course (banking credit Fundamentals) within a series of courses organized by the Center for Banking Studies.

The course extended between 25 - 29 August 2019 at the headquarters of the region's Ministry of Finance in Erbil. Several private and public banks employees participated in the courses which are authorized by the Central Bank of Iraq.

The course focused mainly on acquiring the expertise and knowledge needed by employees and obtaining information and data for an in-depth understanding of the theoretical and practical dimensions of banking credit and its role in rationalizing the lending process in banks.
